

Rahbar AI - QA Test Report

Priority 2 Source Verification (NUST, FAST-NUCES, COMSATS) + NUST Cycle Consistency Review + Priority 3 Bug Log Preparation

Test date: 04 October 2026 | Tester: Mahnoor Shaikh

1. Scope and QA Rules

Current scope: Verify NUST, FAST-NUCES and COMSATS official source URLs; confirm the 2026/2027 cycle context on the NUST dates page; and maintain the QA bug-report structure. App testing remains intentionally deferred until the deployed Streamlit URL is provided with an explicit GO signal.

- Do not edit code, source files, data, or deployment configuration.
- Record exactly what is visible; do not silently correct the application.
- Report failures as they are found rather than waiting for the full test run.
- For unsupported information, the safe system outcome is NOT_YET_VERIFIED rather than a fabricated answer.
- Incorrect current deadlines, incorrect formulas, unsupported admission guarantees, and security failures are CRITICAL.

2. Priority 2 - NUST Source URL Verification

Final working status is based on the tester's latest browser observations. The first eligibility-page attempt produced a transient connection-reset error; the tester later confirmed the links were opening.

#	Source	Result	Visible page title	QA note
1	Eligibility Criteria for UG Programmes	OK	ELIGIBILITY CRITERIA FOR UG PROGRAMMES NUST	Successful Incognito evidence received. The page visibly shows the NUST eligibility page and the minimum 60% aggregate requirement. An earlier attempt returned ERR_CONNECTION_RESET, but the URL later loaded successfully.
2	Merit Criteria for Admission on NET Basis	OK	MERIT GENERATION CRITERIA NUST	Successful Incognito evidence received. Page visibly shows NET 75%, SSC/O Level 10%, HSSC/A Level/Equivalent/DAE 15%.

3	Dates to Remember	OK	DATES TO REMEMBER NUST	Successful Incognito evidence received. The page is live but mixed-cycle: the active NET schedule is labelled 2027, while 2026 programme commencement and candidate-selection information remains on the same page.
---	-------------------	----	--------------------------	---

1. Eligibility Criteria for UG Programmes: <https://nust.edu.pk/admissions/undergraduates/eligibility-criteria-for-ug-programmes/>
2. Merit Criteria for Admission on NET Basis: <https://nust.edu.pk/admissions/undergraduates/merit-criteria-for-admission-on-net-basis/>
3. Dates to Remember: <https://nust.edu.pk/admissions/undergraduates/dates-to-remember/>

3. Priority 2 - Screenshot Evidence

Evidence A - Initial eligibility-page connection reset

This screenshot documents the first Incognito attempt. It shows Chrome returning "This site can't be reached" with ERR_CONNECTION_RESET. Because the page later opened, retain this as a transient-access observation rather than a final broken-URL result.

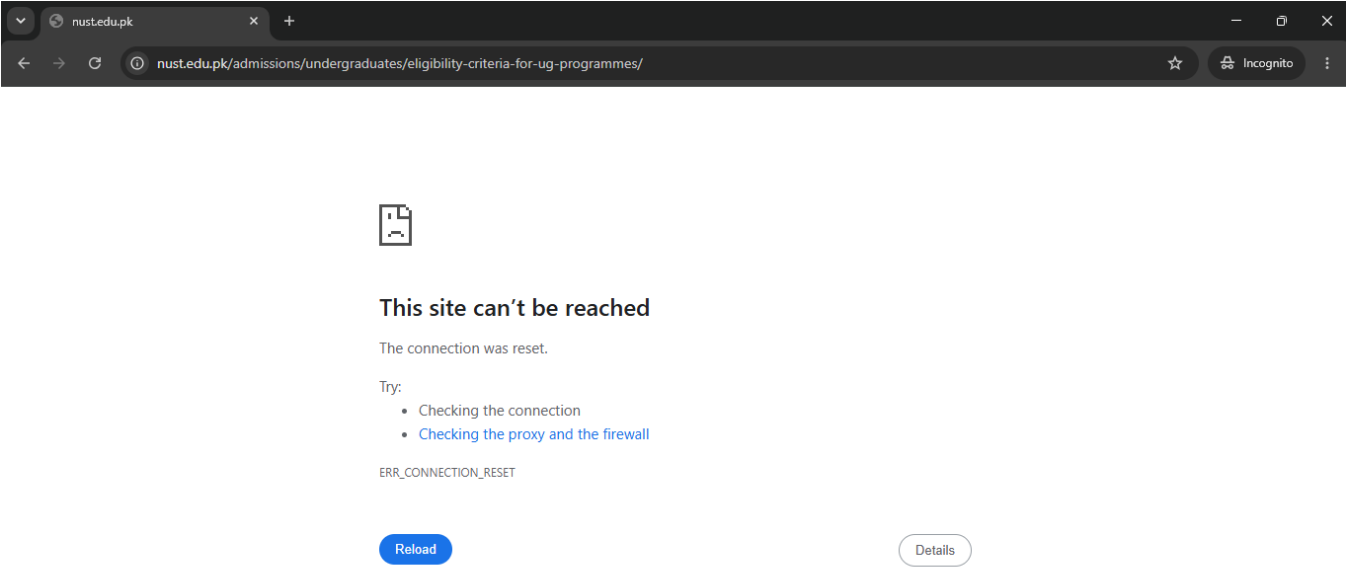

Figure 1. Initial eligibility URL attempt in Chrome Incognito - ERR_CONNECTION_RESET.

Evidence B - Eligibility Criteria page (successful access)

Successful Incognito verification. The address bar shows the official NUST eligibility-criteria URL and the visible page heading is "ELIGIBILITY CRITERIA FOR UG PROGRAMMES". The page also visibly states the minimum 60% aggregate requirement for SSC and HSSC or equivalent examinations.

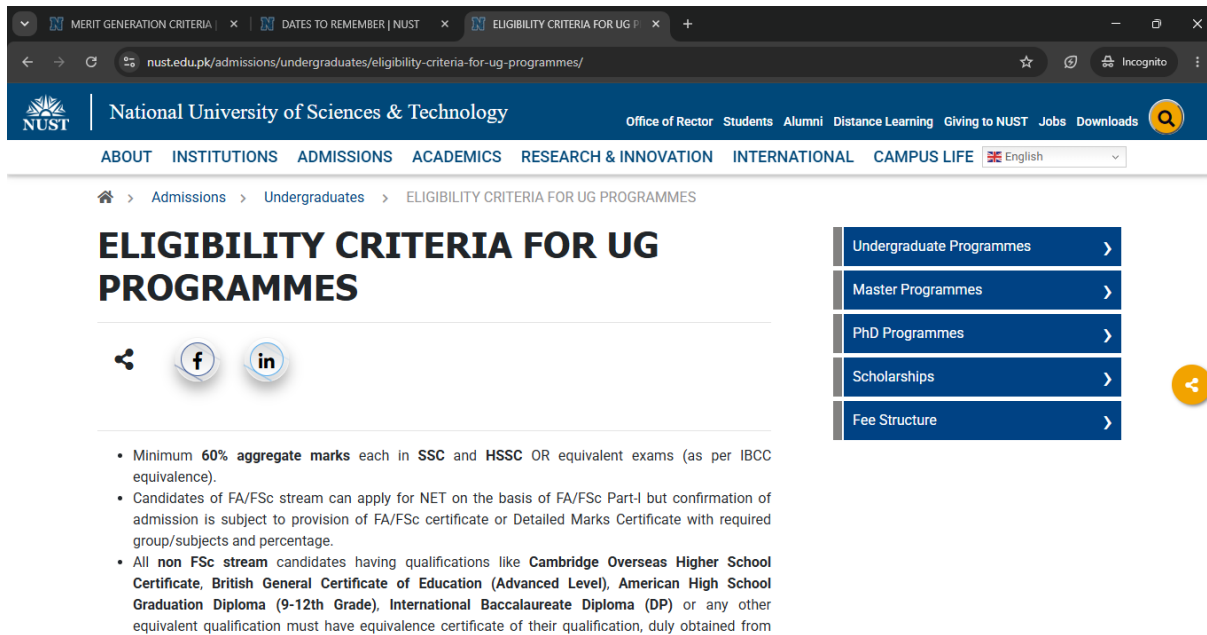

Figure 2. NUST Eligibility Criteria for UG Programmes page loaded successfully in Chrome Incognito.

Evidence C - Merit Generation Criteria page

Successful Incognito verification. The address bar shows the NUST merit-criteria URL and the visible page heading is "MERIT GENERATION CRITERIA".

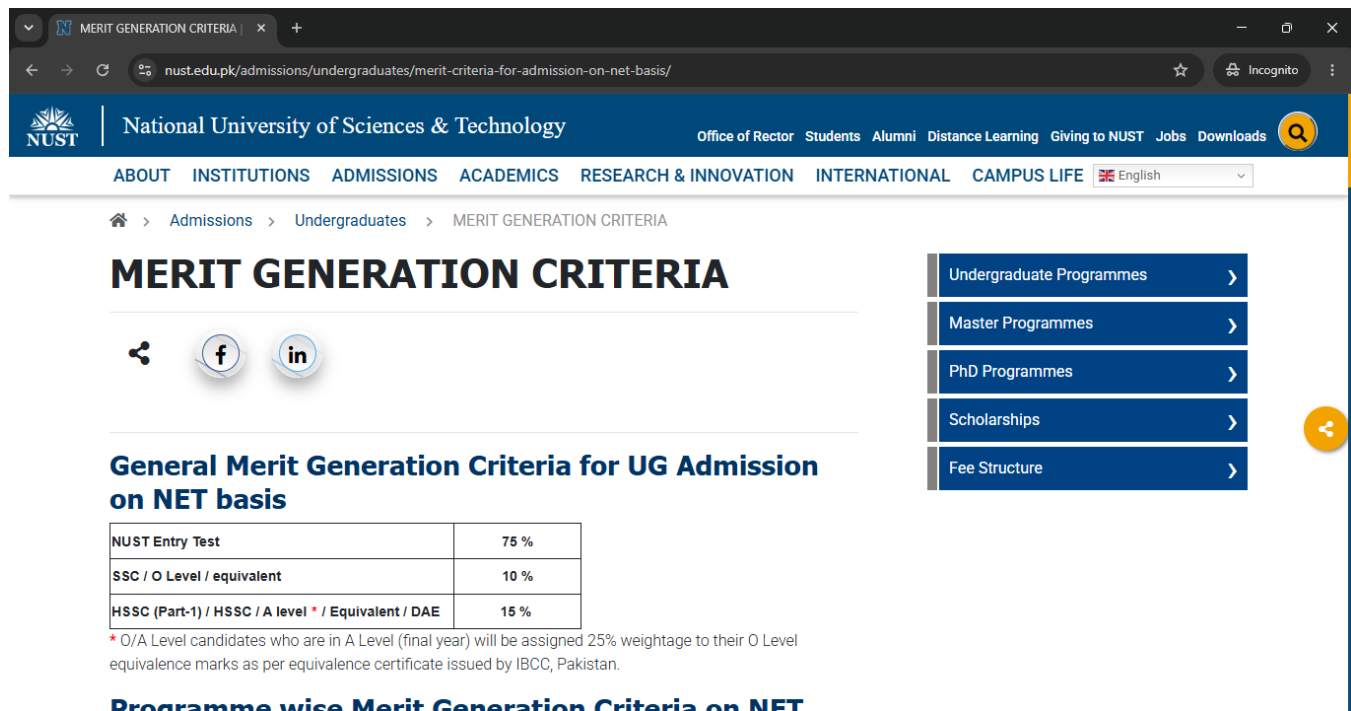

Figure 3. NUST Merit Generation Criteria page loaded successfully in Chrome Incognito.

Evidence D - Dates to Remember page

Successful Incognito verification. The address bar shows the NUST dates URL and the visible page heading is "DATES TO REMEMBER". The page also visibly shows the tentative NUST Entry Test 2027 schedule.

4. Urgent Data QA - NUST 2026/2027 Cycle Confirmation

Purpose: Confirm whether the official NUST "Dates to Remember" page has fully moved to the 2027 cycle or still contains 2026 admission-cycle information, as requested by the Team Lead.

Question 1 - Has the 2026 information been completely replaced by 2027?

Confirmed answer: No. The page now leads with "Schedule of NUST Entry Test - 2027 (Tentative)" and also shows "Schedule of ACT / SAT Basis Applications - 2027". However, 2026 information remains further down the same page.

Question 2 - Does any part of the page still reference the 2026 admission cycle?

Confirmed answer: Yes. The same page contains "Commencement of Undergraduate Programmes - 2026" with programme commencement dates in September, October and November 2026. It also states under "Selection of Candidates" that selection for all UG programmes will start in August 2026 (tentative).

Evidence E - 2027 NET schedule and 2026 commencement visible on the same page

The screenshot shows the NUST website with the following content:

Schedule of NUST Entry Test – 2027 (Tentative)

Series	Online Registration	CBNET	PBNET	Test Centre
Series – 1	4 Oct – 14 Nov 2026	17 Nov 2026 onwards	–	Isb
Series – 2	Dec 2026 – Jan 2027	Jan – Feb 2027 (Isb) Mar 2027 (Qta)	Mar 2027 (Kci)	Isb, Qta, Kci
Series – 3	Feb – Mar 2027	Apr 2027	–	Isb
Series – 4	Apr – May 2027	Jun – Jul 2027 (Isb) Jul 2027 (Qta)	Jul 2027 (Kci, Glt)	Isb, Qta, Kci, Glt

Notes:

- For each series, separate online registration form is required to be submitted.
- CBNET – Computer Based NUST Entry Test at Islamabad and Quetta
- PBNET – Paper Based NUST Entry Test at Karachi and Gilgit

Schedule of ACT / SAT Basis Applications – 2027

Online Registration	Last Date to Receive ACT / SAT Scores
4 May – 25 July 2027	25 July 2027

Commencement of Undergraduate Programmes – 2026

Engineering / Computing Programmes / Environmental Science

SCEE, SMME, SCME, SEECS, PNEC, MCE, CoEME, NBC	September, 2026
MCS	October, 2026

Figure 5. NUST Dates to Remember page showing the 2027 NET schedule at the top while the "Commencement of Undergraduate Programmes - 2026" section remains visible lower on the same page.

Evidence F - 2026 programme commencement details

The screenshot shows the National University of Sciences & Technology (NUST) website. The page is titled "Commencement of Undergraduate Programmes – 2026". It lists the commencement dates for various undergraduate programmes. The programmes are grouped into three categories: Engineering / Computing Programmes / Environmental Science, Business Studies, Social & Natural Sciences and Arch & Design / LLB, and Biotechnology / Food Science & Technology / Agriculture. The commencement dates are as follows:

Programme	Commencement Date
SCEE, SMME, SCME, SEECs, PNEC, MCE, CoEME, NBC	September, 2026
MCS	October, 2026
CAE	November, 2026

Business Studies, Social & Natural Sciences and Arch & Design / LLB

Programme	Commencement Date
NBS, S3H	September, 2026
SADA	September, 2026
SNS	September, 2026

Biotechnology / Food Science & Technology / Agriculture

Programme	Commencement Date
ASAB	September, 2026

Submission of ACT / SAT Results
ACT / SAT scores should reach NUST from ACT / College Board, USA. It is the responsibility of the candidate to provide ACT / SAT scores by due date.

Figure 6. The same official page lists 2026 programme commencement dates, including September 2026 for Engineering / Computing Programmes / Environmental Science, October 2026 for MCS, and November 2026 for CAE.

Evidence G - 2026 candidate-selection reference

The screenshot shows the National University of Sciences & Technology (NUST) website. The page is titled "Selection of Candidates". It states that the selection of candidates for all UG Programmes will start in August 2026 (tentative) as per given dates.

Selection of Candidates
Selection of candidates for all UG Programmes will start in August 2026 (tentative) as per given dates.

Figure 7. The "Selection of Candidates" section states that selection of candidates for all UG programmes will start in August 2026 (tentative).

QA conclusion

The NUST Dates to Remember page is currently a mixed-cycle source. The active NET/application schedule has moved to 2027, while 2026 selection and programme-commencement information remains on the same page. The 2027 NET schedule must therefore not be used as evidence that the 2026 admission deadline is open. This is recorded as a source/data QA risk, not an application bug at this stage. It becomes an app bug only if the deployed system misreads the cycle or presents the wrong year/status to the user.

5. Priority 2 - FAST Source URL Verification

Purpose: Verify the official FAST-NUCES sources requested by the Team Lead in Chrome Incognito, record the visible page title, cycle/context, working status, and screenshot evidence. No application testing was performed.

#	Source field	Official URL	Visible page title/section	Cycle / page context	Result
1	Eligibility criteria	https://nu.edu.pk/Admissions/EligibilityCriteria	Eligibility Criteria	Current page; visibly last updated 10-Aug-2026	OK - Incognito
2	Computing selection criteria	https://nu.edu.pk/Admissions/EligibilityCriteria	Eligibility Criteria / BS (Computing Programs)	Current page; same official eligibility page	OK - Incognito
3	2026 admission schedule	https://nu.edu.pk/Admissions/Schedule	Admission Schedule	Tentative Admission Schedule 2026; visibly updated 04-Oct-2026	OK - Incognito

FAST verification findings

Eligibility and computing selection criteria are both available on the same official FAST-NUCES Eligibility Criteria page. The page was successfully opened in Incognito and visibly shows a last-updated date of 10-Aug-2026.

For BS (Computing Programs), the visible table shows SSC/Matric minimum 60%, HSSC/FSc minimum 50%, Mathematics at HSSC/equivalent level, and selection weightings of 50% admission test, 40% HSSC/equivalent, and 10% SSC/equivalent.

The official Admission Schedule page was successfully opened in Incognito. It explicitly labels the table as "Tentative Admission Schedule 2026" and visibly shows Admission Application Submission from May 20 to Jun 30. The page also shows "Updated on: 04-Oct-2026".

QA conclusion: All three requested FAST source checks are supported by live official FAST-NUCES pages. No broken FAST URL was observed in this verification. COMSATS source verification remains pending.

Evidence H - FAST Eligibility Criteria page

Successful Incognito verification. The browser address bar shows the official nu.edu.pk EligibilityCriteria page, the visible heading is "ELIGIBILITY CRITERIA", and the page visibly states "Last Updated on: 10-Aug-2026".

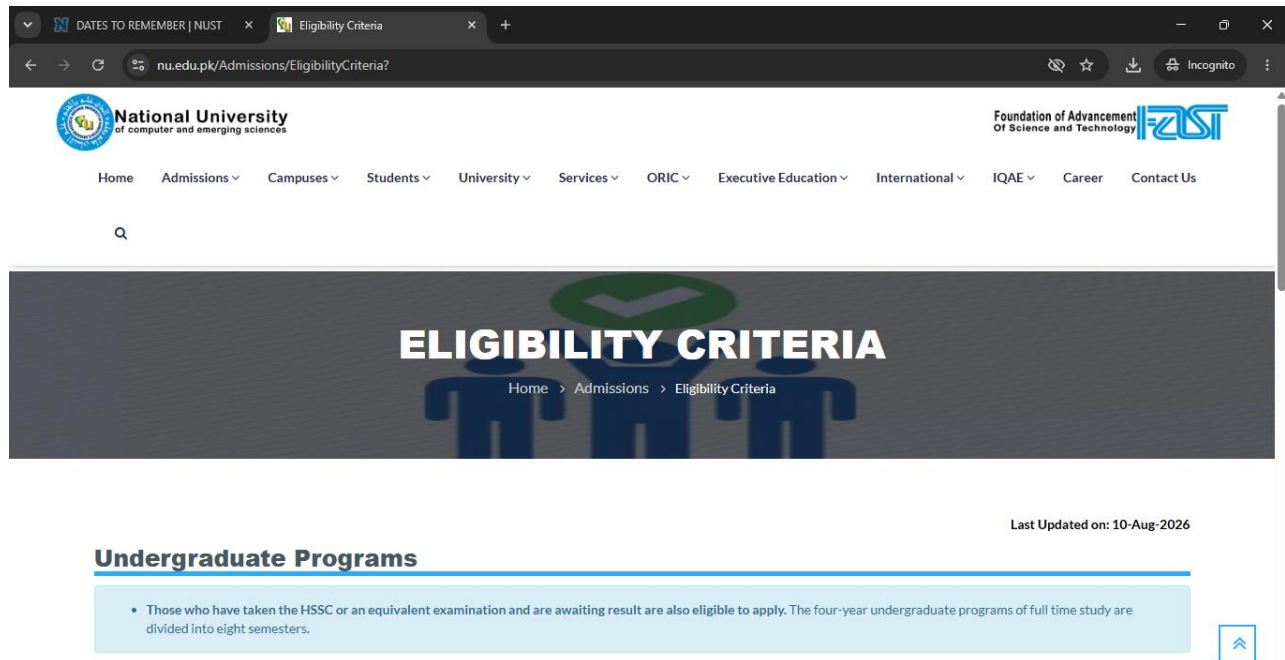

Figure 8. FAST-NUCES Eligibility Criteria page loaded successfully in Chrome Incognito; visible page update date: 10-Aug-2026.

Evidence I - FAST BS (Computing Programs) eligibility and selection criteria

The same official page visibly shows the BS (Computing Programs) table. Eligibility is shown as 60% minimum SSC/Matric, 50% minimum HSSC/FSc, with Mathematics at HSSC/equivalent level. Selection criteria are shown as 50% admission test, 40% HSSC/equivalent, and 10% SSC/equivalent.

		Computing
Degree		Bachelor of Science (Artificial Intelligence) Bachelor of Science (Computer Science) Bachelor of Science (Cyber Security) Bachelor of Science (Data Science) Bachelor of Science (Software Engineering)
Admission Test	Applicant must select only one out of the three admission test options	FAST-NUCES SAT NTS NAT-IE, NAT-ICS (NTS test from specific universities will not be acceptable)
Eligibility	1 SSC (Matric) or an equivalent examination 2 HSSC (FSc) or an equivalent examination 3 Courses studied at HSSC or equivalent level	60% minimum marks 50% minimum marks Mathematics
Selection Criteria	1 Weightage of Admission Test marks 2 Weightage of HSSC/equivalent 3 Weightage of SSC/equivalent	50% 40% 10%

Computing Domains
Pre-medical students who have passed additional maths or they are waiting for results are eligible to apply for admission in computing programs.

1. Weightage of HSSC marks shall be calculated based on (whichever is applicable) at the time of compilation of merit list
I. Marks obtained in HSSC part I and II OR
II. Marks obtained in HSSC part I If result of HSSC part II not available OR

Figure 9. FAST-NUCES BS (Computing Programs) eligibility and selection criteria visible on the official Eligibility Criteria page in Chrome Incognito.

Evidence J - FAST Tentative Admission Schedule 2026

Successful Incognito verification of the official FAST-NUCES Admission Schedule page. The visible table is labelled "Tentative Admission Schedule 2026" and shows Admission Application Submission from May 20 to Jun 30. The page visibly states "Updated on: 04-Oct-2026".

The screenshot shows a web browser window with the URL nu.edu.pk/Admissions/Schedule?. The page header includes the National University logo and a navigation menu with links: Home, Admissions, Campuses, Students, University, Services, ORIC, Executive Education, International, IQAE, Career, and Contact Us. The main content area features a table titled "Tentative Admission Schedule 2026" with a sub-header "Updated on: 04-Oct-2026". The table has three columns: "Tentative Admission Schedule 2026", "Undergraduate Programs", and "Graduate & Post Graduate Programs". The table lists various admission events and their corresponding dates for both undergraduate and graduate programs. A footnote at the bottom of the table states: "* For HAT test details, please visit <http://etc.hec.gov.pk>". The footer of the page includes links for CONTACT, USEFUL LINKS, and CAMPUSES.

Tentative Admission Schedule 2026	Undergraduate Programs	Graduate & Post Graduate Programs
Admission Application Submission	May 20 (Wed) - Jun 30 (Tue)	May 20 (Wed) - Jun 30 (Tue)
Admission Tests	Jun 29 (Mon) - Jul 10 (Fri)	HAT-General for MS/MPhil/ HAT-Subject for PhD* OR NU Admission Test Jul 4 (Sat) / Jul 11 (Sat)
Merit List announcement of selected / test qualified candidates	Jul 22 (Wed)	Aug 5 (Wed)
Interviews (Graduate/Post Graduate Programs)	-	Aug 7 (Fri)
Admission Formalities	Jul 27 (Mon) - Aug 13 (Thu)	Aug 7 (Fri) - Aug 13 (Thu)
Commencement of classes	Aug 17 (Mon)	Aug 17 (Mon)

* For HAT test details, please visit <http://etc.hec.gov.pk>

Figure 10. FAST-NUCES Tentative Admission Schedule 2026 page loaded successfully in Chrome Incognito.

6. Priority 2 - COMSATS Source URL Verification

Purpose: Verify the official COMSATS sources requested by the Team Lead in Chrome Incognito, recording the visible page/section title, cycle context, working status, and screenshot evidence. Only information actually visible in the verified sources is recorded; unsupported fields remain pending rather than inferred.

#	Source field	Official URL / source	Visible page title / section	Cycle / context	Result
1	Eligibility - BS Computer Science	https://lahore.comsats.edu.pk/cs/bscs.aspx	Bachelor of Science in Computer Science - (BSCS) / Eligibility Criteria	Not explicitly cycle-labelled on the page	OK - Incognito
2	Aggregate / merit formula	https://lahore.comsats.edu.pk/cs/bscs.aspx Corroborating policy: Notification 2323 CUI UG Admission Merit Criteria.pdf	Bachelor of Science in Computer Science - (BSCS) / Merit weightage table	Current official BSCS page is not explicitly cycle-labelled; older notification is dated 07-Dec-2020 and effective from Spring 2021	OK - Incognito
3	Central eligibility / campus matrix	https://admissions.comsats.edu.pk/Home/EligibilityCriteria?pt=BS	Eligibility Criteria for Under Graduate Programs	No explicit cycle label visible in current screenshot	OK - Incognito
4	2026 deadline	https://admissions.comsats.edu.pk/Home/Keydates	Key Dates / Test Centre Schedule	2026 dates; central portal homepage visibly Fall 2026	OK - Incognito
5	Campus-specific information	https://admissions.comsats.edu.pk/Home/EligibilityCriteria?pt=BS https://admissions.comsats.edu.pk/Home/Keydates	BS (Computer Science) campus matrix / Key Dates	Campus availability matrix + campus-specific 2026 closing dates	OK - Incognito

COMSATS verification findings

The official CUI Lahore Computer Science page opened successfully in Incognito. The visible BSCS page and its Eligibility Criteria section state at least 50% marks in HSSC with Mathematics, or the stated pre-medical route with required mathematics deficiency courses.

The CUI Lahore BSCS page now has complete screenshot evidence of the merit-weightage table: Matric or equivalent = 10%, Intermediate or equivalent = 40%, and NTS test = 50%. This current official programme page directly verifies the aggregate formula. COMSATS University Islamabad Notification 2323 remains as corroborating policy evidence.

The official COMSATS University Islamabad Notification 2323 merit-criteria PDF opened successfully in Incognito. The document is dated 07-Dec-2020 and states that the Admission Merit Calculation Formula is effective from Spring 2021 admissions. This verifies the official policy source, but the source is not labelled as a 2026-specific formula.

The central COMSATS Online Admission System eligibility page also opened successfully in Incognito and provides a multi-campus matrix with columns for Islamabad, Abbottabad, Lahore, Vehari, Sahiwal, Attock and Wah. A follow-up screenshot now captures the BS (Computer Science) row and shows BSCS marked available across all seven listed campuses (Evidence Q).

QA status: COMSATS source verification is COMPLETE for the Team Lead's reduced-scope request. Official sources have been verified for eligibility, aggregate/merit formula, 2026 deadlines, and campus-specific information. The current CUI Lahore BSCS page directly shows the full 10% Matric + 40% Intermediate + 50% NTS merit formula. The central Key Dates page confirms that 2026 closing dates vary by campus.

Evidence K - COMSATS Lahore BSCS page

Successful Incognito verification of the official CUI Lahore Computer Science Department BSCS page. The browser address bar shows lahore.comsats.edu.pk/cs/bscs.aspx and the visible heading is "Bachelor of Science in Computer Science - (BSCS)".

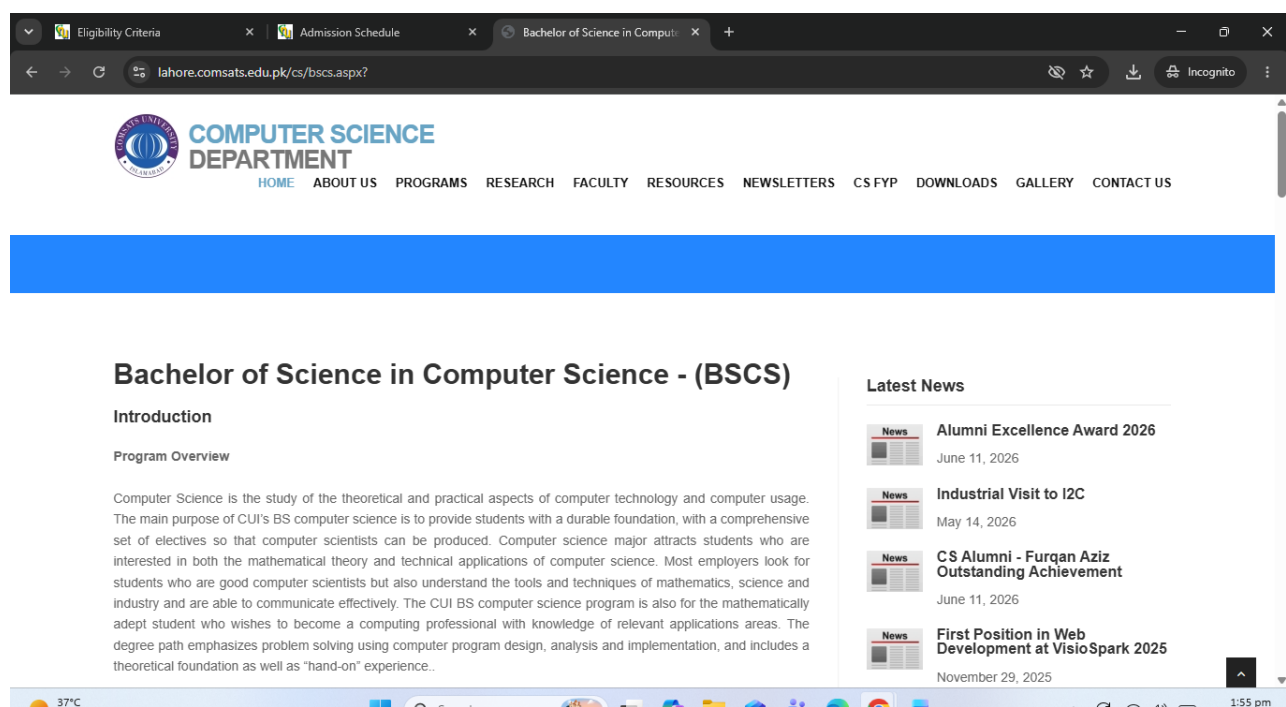

Figure 11. Official CUI Lahore BSCS page loaded successfully in Chrome Incognito.

Evidence L - COMSATS BSCS eligibility and visible merit-weightage rows

The official CUI Lahore BSCS page visibly shows the Eligibility Criteria section. It states at least 50% HSSC with Mathematics or the stated pre-medical route. A follow-up screenshot now captures the full merit-weightage table: Matric or equivalent = 10%, Intermediate or equivalent = 40%, and NTS test = 50% (Evidence R).

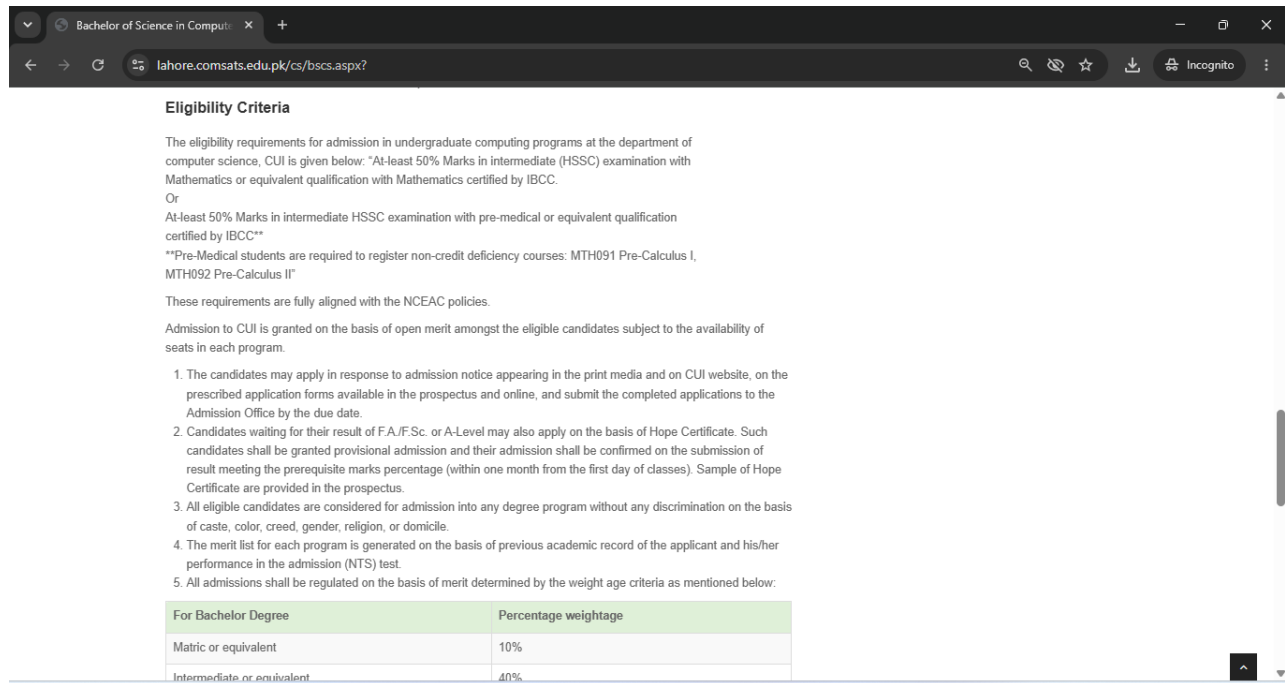

Figure 12. CUI Lahore BSCS Eligibility Criteria section with the beginning of the merit-weightage table in Chrome Incognito.

Evidence M - Official CUI undergraduate merit-criteria notification

Successful Incognito verification of the official COMSATS University Islamabad Notification 2323 PDF. The first page visibly identifies COMSATS University Islamabad, is dated 07-Dec-2020, and states that the Admission Merit Calculation Formula is effective from Spring 2021 admissions at the CUI System.

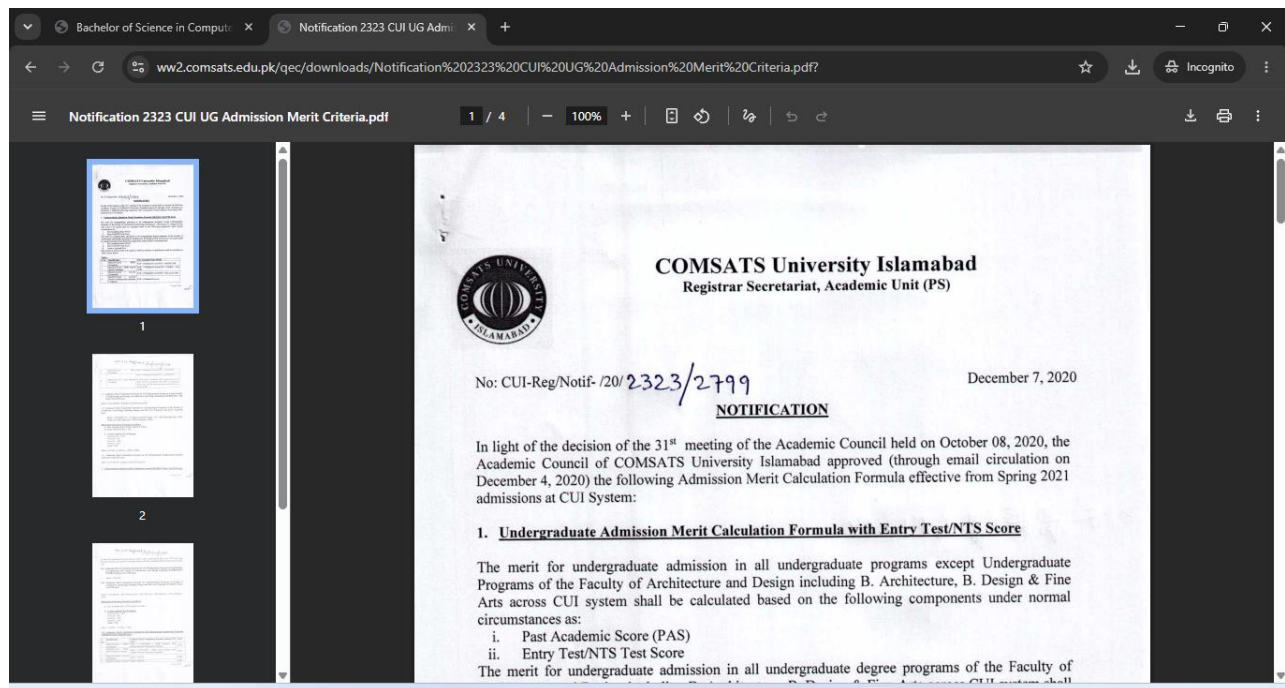

Figure 13. Official CUI Notification 2323 undergraduate admission merit-criteria PDF opened in Chrome Incognito.

Evidence N - COMSATS central undergraduate eligibility / campus matrix

Successful Incognito verification of the central COMSATS Online Admission System. The visible heading is "Eligibility Criteria for Under Graduate Programs" and the table provides campus columns for Islamabad, Abbottabad, Lahore, Vehari, Sahiwal, Attock and Wah. A BSCS-specific row is not visible in this screenshot.

Eligibility Criteria for Under Graduate Programs

Below is the list of **Under Graduate** Programs, offered campus-wise and eligibility criteria to apply in the program. You may also check [Graduate Eligibility](#) and [PHD Eligibility](#) criteria.
[Click here](#) to view department-specific list of minors

Program	Islamabad	Abbottabad	Lahore	Vehari	Sahiwal	Attock	Wah	
Bachelor of Architecture Bachelor of Architecture Eligibility Criteria	✓	✗	✓	✗	✗	✗	✗	?
Bachelor of Design Bachelor of Design Eligibility Criteria	✓	✗	✓	✗	✗	✗	✗	?
B.Fine Arts Bachelor of Fine Arts Eligibility Criteria	✓	✗	✗	✗	✗	✗	✗	?
BS(Electrical Electronics Engineering) Bachelor of Science in Electrical (Electronics) Engineering Eligibility Criteria	✓	✗	✗	✗	✗	✗	✗	?
BS (Psychology) Bachelor of Science in Psychology Eligibility Criteria	✓	✓	✓	✗	✗	✗	✓	?

Figure 14. COMSATS Online Admission System undergraduate eligibility page showing the multi-campus matrix in Chrome Incognito.

COMSATS completion evidence

The following screenshots complete the remaining COMSATS checks requested by the Team Lead: current 2026 cycle context, campus-specific 2026 deadlines, and BS Computer Science campus availability.

Evidence O - COMSATS Online Admission System current cycle

Successful Incognito verification of the official central COMSATS admissions portal. The visible admission panel is labelled "Signup for Admission (Fall 2026)", establishing the active admission-cycle context for the portal.

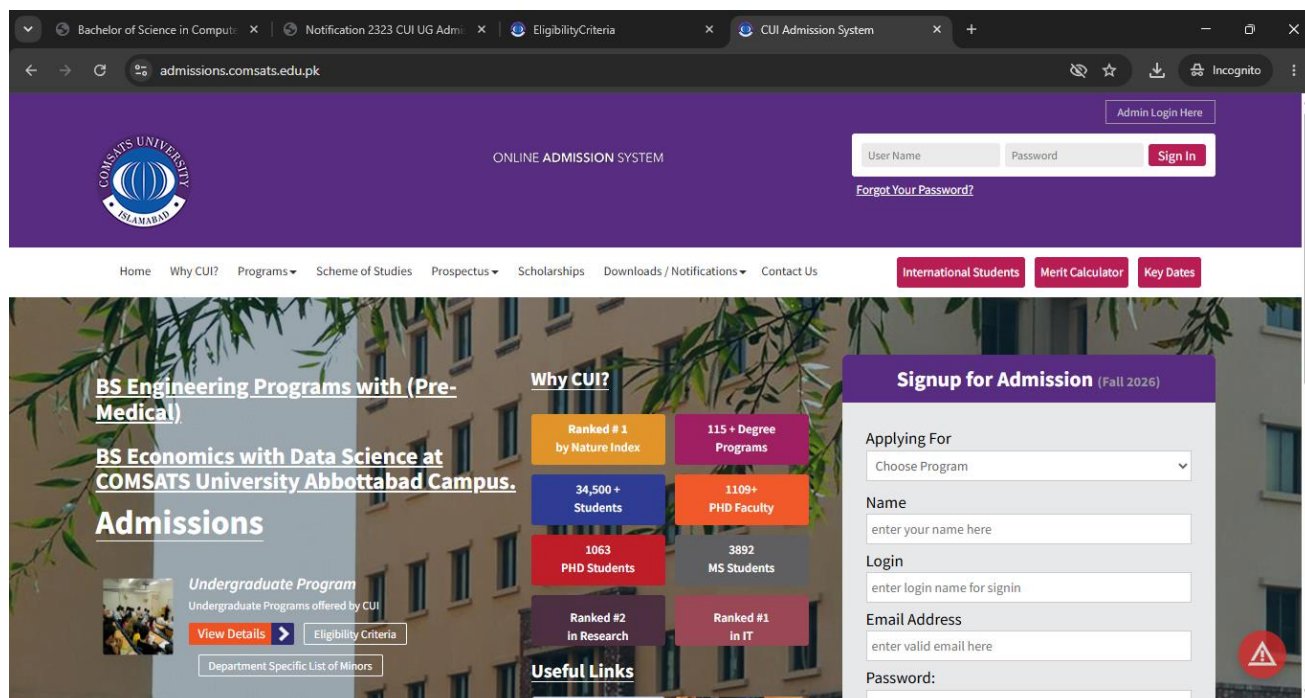

Figure 15. COMSATS Online Admission System showing the active Fall 2026 admission cycle in Chrome Incognito.

Evidence P - COMSATS 2026 Key Dates and campus-specific deadlines

Successful Incognito verification of the official COMSATS Key Dates page. The table shows an admission open date of 31-May-2026 for the listed campuses and different 2026 closing dates by campus: Lahore 31-Jul-2026; Wah 05-Sep-2026; Islamabad 10-Jul-2026; Vehari 14-Aug-2026; Abbottabad 10-Aug-2026; Sahiwal 24-Aug-2026; and Attock 27-Aug-2026. This confirms that COMSATS deadline information is campus-specific rather than one university-wide closing date.

The screenshot shows the 'Key Dates' page on the COMSATS admissions website. It features two tables: 'Test Centre Schedule' and 'NTS Test Centre Schedule'.

Campus	Admission Open Date	Admission Close Date
Lahore	5/31/2026 12:00:00 AM	7/31/2026 11:59:00 PM
Wah	5/31/2026 12:00:00 AM	9/5/2026 11:59:00 PM
Islamabad	5/31/2026 12:00:00 AM	7/10/2026 11:59:00 PM
Vehari	5/31/2026 12:00:00 AM	8/14/2026 11:59:00 PM
Abbottabad	5/31/2026 12:00:00 AM	8/10/2026 11:59:00 PM
Sahiwal	5/31/2026 12:00:00 AM	8/24/2026 11:59:00 PM
Attock	5/31/2026 12:00:00 AM	8/27/2026 11:59:00 PM

Campus	Test Type	Test Date	Start Time	Test Centre
Lahore	NAT-IE	6/14/2026 12:00:00 AM	9:00 AM	COMSATS University Islamabad, Lahore Campus
Lahore	NAT-IM	6/14/2026 12:00:00 AM	9:00 AM	COMSATS University Islamabad, Lahore Campus
Lahore	NAT-ICS	6/14/2026 12:00:00 AM	9:00 AM	COMSATS University Islamabad, Lahore Campus
Lahore	NAT-Other	6/14/2026 12:00:00 AM	9:00 AM	COMSATS University Islamabad, Lahore Campus
Lahore	GAT (General)	6/14/2026 12:00:00 AM	9:00 AM	COMSATS University Islamabad, Lahore Campus

Figure 16. Official COMSATS Key Dates page showing 2026 admission open and close dates by campus in Chrome Incognito.

Evidence Q - COMSATS BS Computer Science campus availability

Successful Incognito verification of the central undergraduate eligibility matrix. The BS (Computer Science) row is visible with campus columns for Islamabad, Abbottabad, Lahore, Vehari, Sahiwal, Attock and Wah; the screenshot shows BS Computer Science marked available across all seven listed campuses.

The screenshot shows the 'Eligibility Criteria' page on the COMSATS admissions website. It displays a table with columns for various programs and rows for different campuses. The 'BS (Computer Science)' row is highlighted, showing availability (green checkmarks) across all seven listed campuses.

Program	Islamabad	Abbottabad	Lahore	Vehari	Sahiwal	Attock	Wah
BS (Psychology) Bachelor of Science in Psychology Eligibility Criteria	✓	✓	✓	✗	✗	✗	✓
BS(Business Administration) Bachelor of Science in Business Administration Eligibility Criteria	✓	✓	✓	✓	✓	✓	✓
BS(Bioinformatics) Bachelor of Science in Bioinformatics Eligibility Criteria	✓	✗	✗	✗	✓	✗	✗
BS(Biosciences) Bachelor of Science in Biosciences Eligibility Criteria	✓	✗	✗	✗	✓	✗	✗
BS(Biotechnology) Bachelor of Science in Biotechnology Eligibility Criteria	✗	✓	✗	✓	✓	✗	✗
BS(Computer Engineering) Bachelor of Science in Computer Engineering Eligibility Criteria	✓	✓	✓	✗	✓	✓	✓
BS(Civil Engineering) Bachelor of Science in Civil Engineering Eligibility Criteria	✗	✓	✗	✗	✓	✗	✓
BS (Computer Science) Bachelor of Science in Computer Science Eligibility Criteria	✓	✓	✓	✓	✓	✓	✓
BS(Development Studies) Bachelor of Science in Development Studies Eligibility Criteria	✗	✓	✗	✗	✗	✗	✗
BS (Economics) Bachelor of Science in Economics Eligibility Criteria	✓	✓	✗	✓	✗	✗	✗
BS (Environmental Science) Bachelor of Science in Environmental Sciences Eligibility Criteria	✗	✓	✗	✓	✗	✗	✗
BS (Math) Bachelor of Science in Mathematics Eligibility Criteria	✓	✗	✗	✓	✓	✗	✗
BS (Mechanical Engineering) Bachelor of Science in Mechanical Engineering Eligibility Criteria	✗	✗	✗	✗	✓	✗	✓
BS(Physics) Bachelor of Science in Physics Eligibility Criteria	✓	✗	✓	✗	✗	✗	✗
BS (Software Engineering) Non Engineering Bachelor of Science in Software Engineering Eligibility Criteria	✓	✓	✓	✓	✓	✓	✓

Figure 17. COMSATS central eligibility matrix showing BS Computer Science availability across the listed campuses.

Evidence R - COMSATS BSCS full merit-weightage formula

Successful Incognito verification on the official CUI Lahore BSCS page. The complete merit-weightage table is visible and shows Matric or equivalent = 10%, Intermediate or equivalent = 40%, and NTS test = 50%. This directly completes the aggregate-formula evidence from a current official programme page.

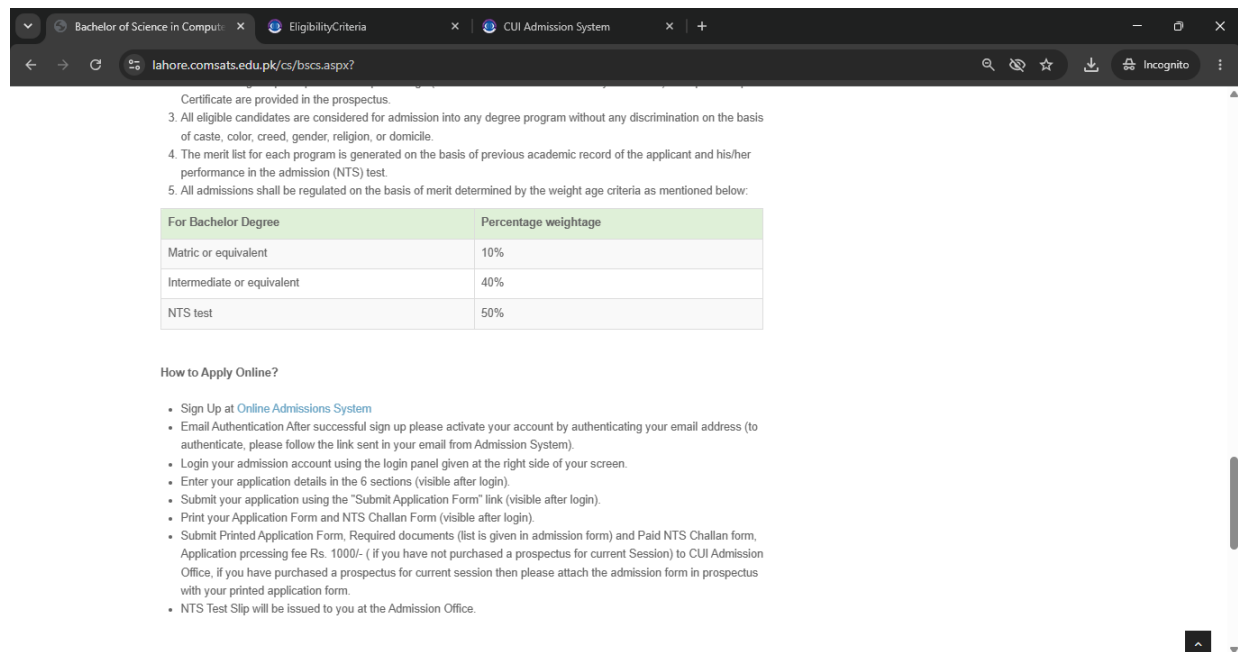

Figure 18. Official CUI Lahore BSCS page showing the complete merit-weightage table: Matric 10%, Intermediate 40%, and NTS test 50%.

COMSATS verification completion summary

Field	Official source / visible title	Cycle	Result	QA note
Eligibility	COMSATS Online Admission System - Eligibility Criteria for Under Graduate Programs	Not explicitly cycle-labelled on eligibility page	OK	Official central multi-campus eligibility source verified in Incognito.
Aggregate formula	CUI Lahore BSCS page - full merit weightage table; corroborated by Notification 2323	Current BSCS page not explicitly cycle-labelled; policy notification effective from Spring 2021	OK	Full current BSCS page visibly shows Matric 10%, Intermediate 40%, and NTS test 50%.
Deadline	COMSATS Online Admission System - Key Dates	2026 / Fall 2026 portal context	OK	Official page shows campus-specific 2026 admission closing dates.
Campus-specific information	Eligibility matrix + Key Dates	2026 deadline context; eligibility matrix not explicitly cycle-labelled	OK	BSCS availability and deadlines are campus-specific; campus context must be retained.

QA conclusion - COMSATS

All four COMSATS source-verification fields requested by the Team Lead are now supported by official-source Incognito evidence. No COMSATS URL is currently recorded as broken. The current CUI Lahore BSCS page directly confirms the full merit formula as 10% Matric + 40% Intermediate + 50% NTS. The main remaining data-handling risk is that deadlines

differ by campus, so a future application response must not return a generic COMSATS deadline without campus context. The formula page itself is not explicitly cycle-labelled, so its cycle context should not be invented.

7. Priority 3 - Bug Report Template

No app bug is logged yet because Priority 1 has not started. Use the template below immediately when a failure is observed.

Bug ID	BUG-01
Severity	CRITICAL / HIGH / MEDIUM / LOW
What happened	[Describe the visible problem in one or two precise sentences.]
Expected	[State the required behavior from the golden test / failure-mode document.]
Actual	[Copy the exact visible status/message/output.]
Steps to reproduce	1. Open deployed Streamlit app. 2. Enter the exact test query. 3. Submit once. 4. Observe and capture the failure.
Evidence	[Screenshot filename / copied response / source URL]
Status	OPEN

8. Severity Reference

Severity	Use when	Examples from Failure Modes
CRITICAL	Could directly mislead an applicant or expose security-sensitive behavior.	Security failure; incorrect current deadline; incorrect formula; unsupported admission guarantee.
HIGH	Major system/data failure that blocks or corrupts reliable decision support.	Conflicted data; provider failure; deployment failure; RAG/index corruption.
MEDIUM	Important usability/reliability issue without direct critical misinformation.	Slow response; UI issue; non-critical missing source.
LOW	Cosmetic issue with little or no effect on correctness.	Formatting or other cosmetic defect.
